

A Guide to Booking BP Classes!

Spring Term

All classes for the spring term are bookable via our website www.boogiepumps.co.uk. Spaces are allocated on a first come first served basis regardless of whether your child has attended Boogie Pumps for previous terms or is a brand new Boogie Pumper! Once classes are full there can be no exceptions on numbers due to health and safety procedure. Class sizes are determined based on the size of the room and the number of BP teachers present for both your child's safety and ability to enjoy the class so must be strictly adhered to.

Term dates are pre set by schools and are visible on our website, classes are booked termly and prices are clearly displayed also.

Autumn Term

When we reach the autumn term we give current parents **48 hours notice** before we open new bookings to the public to give the opportunity for existing pupils to re-enrol for classes. We also begin planning for our annual show 'Boogie Wonderland' during this term and open bookings for places in the show.

Summer Term

For the summer term, children who are taking part in Boogie Wonderland are automatically signed up for the new term, everyone else gets 48 hours notice as in the previous term. It doesn't matter at all if your children are not signed up for the show and would still like to attend classes this term. Classes still run in the same way and show routines are super fun for everyone to learn and participate in and all children are included regardless of whether they will be at the performance.

Pupil premium and Childcare vouchers

We are unable to accept childcare vouchers for classes. If you have a pupil premium place at your school then please contact us via email to info@boogiepumps.co.uk and we will book you on to your class.
